- **Accessibility & AI:** Digital Accessibility (WCAG / AX), Inclusive Design, Agentic AI Interface Design, AI Workflow Integration.

EXPERIENCE

OutSystems | Lisbon, PT (Remote)

Senior UX/UI Designer – Professional Services (May 2022 – Present)

- Spearhead global UX/AX strategy, enterprise Design Systems, and product innovation across 6 continents, driving low-code accessibility and AI integration.
- Lead Vision Projects shaping agentic AI experiences (AX) and next-generation product interfaces for enterprise clients in banking, retail, and manufacturing.
- Created and manage OutSystems' internal UX/UI Methodology 2.0, integrating AI tools and AX framework patterns to streamline workflows and accelerate delivery.
- Build scalable UI Kits, enterprise Design Systems, and Live Style Guides tailored for complex low-code environments and accessible design standards.
- Conduct UX/UI methodology audits, strategy workshops, and high-impact Design Sprints for global clients, mentoring cross-functional teams worldwide.

Ageas Group | Portugal

Senior UX/UI Designer (July 2019 – May 2022)

- Delivered end-to-end UX/UI across multi-brand financial, insurance, and healthcare digital products, scaling design operations through unified systems.
- Built, managed, and optimized multi-brand Design Systems enabling white-label theme customization across Ageas Seguros, Ocidental, Millennium BCP, ActivoBank, and Médis.
- Rapidly designed and launched critical mobile apps, including the Médis app telemedicine feature built in 3 months during COVID-19.
- Conducted extensive user testing and collaborated closely with front-end engineers to ensure design precision and seamless handoffs.
- Mentored junior designers and led design alignment with external agency creative teams and key suppliers.

Inetum Portugal (GFI Portugal) | Lisbon, PT

Senior UX Designer (October 2018 – July 2019)

- Spearheaded end-to-end UX for the Portuguese Citizen Portal (AMA)—delivering real-time data interfaces, complex interaction models, and multichannel service design.

- Led Design Thinking workshops to tackle client challenges and drive high-impact digital projects for Vodafone Empresas, Banco Montepio, CCB, and OKI.
- Mentored 3 junior designers and embedded accessible service design best practices across project teams.

PHC Software (Cegid) | Oeiras, PT

UX/UI Designer (February 2017 – October 2018)

- Executed end-to-end visual and interactive design across digital touchpoints, driving brand identity and employee engagement initiatives.
- Designed digital assets, including optimized landing pages, interactive catalogs, and custom iconography.
- Ran A/B testing on marketing pages to optimize conversion rates and enhance performance metrics.

EDUCATION

- **Postgraduate Degree in Advertising & Marketing** | Escola Superior de Comunicação Social, Lisbon (2016–2017)
- **Bachelor's Degree in Design** | Universidade de Aveiro (2013–2016)
